

# Same Blood

Aloe Blacc

We've got the same blood  
Stayed by your side  
It's ride or die  
We've got the same blood We're the run-toward-the-fire kind  
We're the fearless on the front line  
We're the never-leave-each-other  
Always-laying-down-to-cover  
Take-a-bullet-for-your-brother kind  
We're the heroes in the background  
We're the brave who never back down  
For the glory, for the honor  
Tell the story when you're gone  
What doesn't kill you makes you stronger now  
'Cause you and me we are both soldiers  
Ain't coming back till it's over  
I'll carry you home on my shoulder We've got the same blood  
And when the rain comes  
Walk through the same mud  
Stay by your side  
It's ride or die  
We've got the same blood  
Don't matter where you came from  
'Cause when they day's gone  
We've got the same blood We're the stand-and-face-the-music kind  
Two warriors with one mind  
We're the never-tell-a-secret  
Ain't-no-way-we-gonna-leak-it  
To-the-grave-we're-gonna-keep-it kind  
'Cause you and me we are both soldiers  
Ain't coming back till it's over  
I'll carry you home on my shoulder We've got the same blood  
And when the rain comes  
Walk through the same mud  
Stay by your side  
It's ride or die  
We've got the same blood  
Don't matter where you came from  
'Cause when they day's gone  
We've got the same blood We're all part of the same organism

Between our hearts there ain't no division  
We all share the tears and grieve  
We all share this air we breathe  
And when it's our time to leave  
It's the same red that we bleed  
It's the same red that we bleed We've got the same blood  
And when the rain comes  
Walk through the same mud  
Stay by your side  
It's ride or die  
We've got the same blood  
Don't matter where you came from  
'Cause when they day's gone  
We've got the same blood
