

Holy Ghost Power

Petra

Everybody's talking about power
Power to the people they say
Everybody tryin' to get more power
They're goin' in circles today I'm sick of this jive, gonna hop in my rod
Gonna motivate clear across town
Gonna go to church, gonna end my search
Gonna fill my soul with power Holy Ghost power's gonna fill you today
Holy Ghost power's gonna take you away
Holy Ghost power's gonna fill you within
Holy Ghost power's gonna save you from sin Everybody's talking about power
Power to the people they say
Everybody tryin' to get more power
They're goin' in circles today Don't give me no jive, you ain't even alive
'Til you get your heart right with God
Better ask Him in and forget your sin
Let Him fill your soul with power Holy Ghost power's gonna fill you today
Holy Ghost power's gonna take you away
Holy Ghost power's gonna fill you within
Holy Ghost power's gonna save you from sin Holy Ghost power's gonna fill you today
Holy Ghost power's gonna take you away
Holy Ghost power's gonna fill you within
Holy Ghost power's gonna save you from sin Holy Ghost power's gonna fill you today
Holy Ghost power's gonna take you away
Holy Ghost power's gonna fill you within
Holy Ghost power's gonna save you from sin
