

To the Sea

Seafret

A twist, a tale, a rip through my sail.
And we're made to watch the walls fall down.
'Cause goodbye's too strong, too strong a word
when I'm weak from everything that I'm told.
Yes, I'm weak from everything that I'm told.
And I'm weak from all the things that I know. Do you think of me when you look to the sea?
I know it's hard to grow when you're pushed to your knees.
I know our time will pass, your love it will last.
Darling, we will never break. A sound, a light that rips through the night, now too far away.
But when I follow my heart, it leads me to you
when I'm weak from everything that I'm told.
Yes, I'm weak from everything that I'm told.
And I'm weak from all the things that I know. Do you think of me when you look to the sea?
I know it's hard to grow when you're pushed to your knees.
I know our time will pass, your love it will last.
Darling we will never break.
Never break, darling.
