

The End of This Chapter

Sonata Arctica

[Phone rings]

[Spoken]

"Hello?"

Well, well how are you?

um.. who is this?

who do you think this is?

stop it.. who is this?

you know very well who i am..

you almost got away from me didn't you?

oh my god.. you can't be.. you can't be

hahaha

[French] oui, oui mon amour...c'est moi."[Chapter One]

I gave you my time

I gave you my whole life

I gave you my love, every dime

They told me it was a... crimeDo you remember?

Or did it all go in vain...[Chapter Two]

I looked in the light, I sat in your coalmine

The promise they made, I should keep?

Make sure that we would never meetI can't remember

The promise I made so deepTell me that past times won't die...

Tell me that old lies are alive[Chapter Three]

Across darkened skies, I traveled without a light

I sank in the well of my mind

Too deep, never to be foundI can't remember...

How could you be so vain...Tell me that past times won't die...

Tell me that old lies are alive

Love that expired too long time ago

Kills me, it thrills me...[Chapter Four]

You have new love and

It looks good on you

I have never wished you dead.... yet.You can now have all the things I could never give to you

Look out the window "c'est moi!"...[Chapter Five]

I'm sorry, I am here

I'm not sure if it should bring you fear

I whisper in your ear

Why is he here?[Chapter six]

While you are sleeping, I steal your ear ring

Light you one candle, this anger I handleThey said I won't find you, but now I'm beside you

I'm not all that stable
You should know by now that you are mine...Tell me that past times won't die... Tell me that old lies are aliveI
tell you that past times won't die...
I tell you that old lies are alive
Love due to expire too long time ago
Kills me, it will kill you...toopast times wont die....i tell you old lies are alive
hate due to expire too long time ago
it kills me its killed me before
