

# Just the Same

## Justin Hines

Woo, woo hoo hoo x2Things ain't going down just how your planning

I know you make your whole mound in the rain,  
but i'm trying to live this life with understanding,

and so I'm gonna love you just the same.Now oooo, who ho ho You've got a certain destiny you're chasing.

To you I'm just a hurdle in the way.

But i'm thinkin' it's a battle not worth facing,

And so I'm gonna love you just the same.Now, woo, woo hoo hoo

awoo ho ho ho And i can't even fathom what your thinking,

And i can't right the error of my ways,

And though it seems this ship has started sinking,

i hoping you can love me just the same now woo ho ho ho

ooo- hoo hoo crazy is for the one's who give so freely

and hope for those who wander in astray.

forgiveness for the ones who cut us deeply

and wish that we could love us all the same.

I'm praying we can love us all the same.Now, woo hoo hoo hoo

ooo hoo-hoo-hoo

now oooo, wo ho hooooo

ooo, woo-hoo-hoo
