Our Story

Ryan Cabrera

This time I'll think of brighter days
Where I'm falling deep, deep inside our story
I'm counting on something I can feel
I won't fall asleep, 'cause even if I'm hurting
I'm waitin' on the one for meIt's a good day for me
It's a good day to take a chance
And let you in and see exactly who I am
And if you understand me
And if you can roll with it, I will be your manAround me lies but no one seems to mind
I can't change time for anyone to show me
That love is real, you know I'll find a way
I won't be scared to let her in and love me
Is there anyone in love with meIt's a good day for me
It's a good day to take a chance
And let you in and see exactly who I am
And if you understand me
And if you can roll with it, I will be your manIt's a good day for me
It's a good day to take a chance
And let you in and see exactly who I am
And if you understand me, oh yeah
And if you can roll with it, yeahAnd let you in and see exactly who I am
And if you understand me
And if you can roll with it, I will be your man
