

# Direct to Helmet

## The Spinto Band

Directly to my helmet, directly to my heart

Directly to my hairline, where do I start?

It's not like art is just value, just try not to argue  
Your work looks good, your look works great  
How can I state the point of view you create

It's not too late to resolve it and if I can't solve it  
I'll look at the object and that's what I'll call it  
How can I respect the opinions of none?

Directly enhancing the sum  
Directly to my helmet, indirectly to my soul

If I said, I loved it, oh, cheese ball [Unverified], I'm not that tall  
So, the impact was more than deserving

The plastic champagne was the least of unnerving  
How can I respect the opinions of none?

Directly enhancing the sum  
Above all, work songs [Unverified]

I'll tell you it never gets old  
I'll tell you it never gets old
