

The Silence

[Alexandra Burke](#)

You lift me up and knock me down
I'm never sure just what to feel when you're around
I speak my heart but don't know why
'Cause you don't never really say what's on you mind
It's like I'm walking on broken glass
I wanna know but I don't wanna ask
So say you love me or say you'll leave me
Don't let the silence do the talking
Just say you want me or you don't need me
Don't let the silence do the talking
You let me in but then sometimes
Your empty eyes just make me feel so cold inside
When I'm with you, it's like rolling dice
Don't know where or how you're gonna make me cry
So say you love me or say you'll leave me
Don't let the silence do the talking

Just say you want me or you don't need me
Don't let the silence do the talking
It's killing me, the silence
It's killing me, the silence
The silence

It's like I'm walking on broken glass
If this is the end then please just make it fast
So say you love me or say you'll leave me
Don't let the silence do the talking
Just say you want me or you don't need me
Don't let the silence do the talking
The silence, the silence, the silence
The silence, the silence, the silence
You lift me up and knock me down
I'm never sure just what to feel when you're around
