Compromise

Smile Empty Soul

Drive through your neighborhood
You hide like I knew you would
You don't ever call me
You told me to stay away
A game that you always play
But I know that you own me
And I'm staring at the walls again
With these pictures that are in my head
When will you realize
You're now and forever mine
You don't have to run
I won't compromise
All that I know is right
You and I are one
I write but you never do
I smile when I think of you
I Wonder where you're hiding
And baby when you think of me
Do you cry or do you scream
The path we walk is winding

And I'm staring at the walls again
With these pictures that are in my head
When will you realize
You're now and forever mine
You don't have to run
I won't compromise
All that I know is right
You and I are one
I'm Feeling like a loser
How could you just choose to leave
And change your number, was I so bad
Someday I will find you
Then I will remind you
Babe you are the best thing that I have
When will you realize
You're now and forever mine
You don't have to run
I won't compromise

All that I know is right
You and I are one
Yeah, Yeah, Yeah
