

Compromise

Smile Empty Soul

Drive through your neighborhood
You hide like I knew you would
 You don't ever call me
 You told me to stay away
 A game that you always play
 But I know that you own me
 And I'm staring at the walls again
With these pictures that are in my head
 When will you realize
 You're now and forever mine
 You don't have to run
 I won't compromise
 All that I know is right
 You and I are one
 I write but you never do
 I smile when I think of you
 I Wonder where you're hiding
And baby when you think of me
 Do you cry or do you scream
 The path we walk is winding

And I'm staring at the walls again
With these pictures that are in my head
 When will you realize
 You're now and forever mine
 You don't have to run
 I won't compromise
 All that I know is right
 You and I are one
 I'm Feeling like a loser
 How could you just choose to leave
And change your number, was I so bad
 Someday I will find you
 Then I will remind you
Babe you are the best thing that I have
 When will you realize
 You're now and forever mine
 You don't have to run
 I won't compromise

All that I know is right

You and I are one

Yeah, Yeah, Yeah
