need to know

Alpheus

now I know what will happen so you tried to have control
wish someone would tell me when it's safe to let go
shut every window, told you I'm scared
so blindfold & tie me, I'll trust what we share
cause I don't need to know, cause I don't need to knowcause I don't need to know, I don't need to know
I don't need to know, I don't need to know
any more than you tell me, any more than you tell menow I know what will happen, so I try to have control
someone should tell you that it's wrong to say no
there's so many lines I thought you whispered last night
so, so many times I thought I heard you, I triedcause I don't need to know, I don't need to know
I don't need to know, I don't need to know
any more than you tell me, any more than you tell meso I will not mourn this
there's nothing more, more than thisyou know & I know that I don't believe you
I take it enough just to keep us in circles
always a reason to lie &?
damage is done, you just show me your handcause I don't need to know, I don't need to know
I don't need to know, I don't need to know
any more than you tell me, any more than you tell me
