

# I Like

## Mark Morrison

I like  
The way you do it girl  
I like  
The way you do it girl  
I like  
The way you pump  
Baby work it for me

See the weekend's here  
I know we can have some fun if we  
Hook up in the afternoon  
I'll take you anywhere you want cutie  
Cash, gold, diamonds and pearls  
Anything to make you mine  
See I really can't seem  
To get you off my mind baby  
Oh my gosh!

I like  
The way you do it girl  
I like  
The way you do it girl  
I like  
The way you pump  
Baby work it for me

You're so incredible  
Girl you do things to me  
The way you walk  
Sending chills up and down me  
But all I know is I wanna get next to you  
So you see the next time  
I catch you making eyes at me  
I guess I'll have to satisfy  
My curiosity  
And maybe I'll drop a line  
Or maybe I'll just hit you  
With a nursery crime

Work baby work

Till it hurts  
Till it hurts baby  
There's not gain without pain sugar  
I ain't the type to settle  
For no coulda woulda shoulda

I like  
The way you do it girl  
I like  
The way you do it girl  
I like  
The way you pump  
Baby work it for me

I like  
The way you do it girl  
I like  
The way you do it girl  
I like  
The way you pump  
Baby work it for me

Now honey I will chase you chase you  
Till the cows come home  
Coz this jones in my bones Says you got it going on  
Now if I drop my number  
Would you drop a line  
You can meet round mine  
10 o'clock will be fine  
I got this feeling  
You be feening  
For the rhythm that I'm giving  
And girl this feeling I'm getting hot  
Here's how I'm living  
Cash gold  
Sushi everyday  
Pink champagne  
Baby come and make my day  
We can parle parle  
Girl if that's how you stay  
Or keep it on down low  
I'm easy that way  
If you got time to spare  
Then I've got all night  
My incredible (and edible) baby
