# Holy One

## Abiding Place Worship

Holy One
From the birth of the trees
To the start of you and me
He's proven there's no limit
To possibility
There's safety, healings, and breakthroughs in Thee
Holy One You are, Holy One to me.

Able One
From the birth of the trees
To the start of you and me
He's proven there's no limit
To possibility
There's safety, healings, and breakthroughs in Thee
Holy One You are, Holy One to me. (repeat and end)
