Bullet

Uh Huh Her

Alone you wake-up
Tasty feeling
Here is waiting ...
What belongs it might be erased
Today is still briefing out
I will be waiting
And if you change what you are
God, I can'tOooh, you captured it all good
You make me weak
And ooooh, you captured it awful
You make me ...I belong to you and all my sins
And maybe that's the reason
I belong to you and all our sins
And I don't regret it
One step 'til the end of the world
...You're faster than a bullet
One step to the edge of the world and...
You're faster than a bullet
Tell me is it real or is it fake?
Even what you were, I can't mistake
...And I know there is
All the ...I walked with you
And what we said
All the lies you're telling them
I'm a lonely sin as you and me
It could be what it may
2 steps to the edge of the world
And it makes it better
I will listen
One step closer to the edge of the world
And I won't admit it
One step closer to the edge of the world
And I won't admit it
Faster than a bullet
One step closer to the edge of the world
And I won't admit it
Faster than a bullet
One step closer to the edge of the world
And I won't admit it

Faster than a bullet
One step closer to the edge of the world
And I won't admit it
But we did it
Faster than a bullet
