Problem

Larkin Poe

I got a talent to screw it up
I choose nothing better I crawl when I get cut
I got no balance I got no friends
I got worse than nothin' hey hey

I got a P-R-O-B-L-E-M
Sound it out 'cause that's how you spell your name baby
P-R-O-B-L-E-M
Sound it out 'cause that's how you spell your name baby

And I don't know how to fix you
I don't know how to resist you
I gotta kill you or kiss you
To figure out who to blame to figure out who to blame
to figure out who to blame

Hey! Hey!
Hey! Hey!

Now I see your talons
I see your claws
I'm on tenterhooks
No wonder I got caught
Tears by the gallon I'm all cried out
But I got worse than nothin' hey! Hey!

I got a P-R-O-B-L-E-M
Sound it out 'cause that's how you spell your name baby
P-R-O-B-L-E-M
Sound it out 'cause that's how you spell your name baby

And I don't know how to fix you
I don't know how to resist you

I gotta kill you or kiss you
To figure out who to blame to figure out who to blame

to figure out who to hah!
