

# The Stage

## Avenged Sevenfold

[Verse 1]

So I arrived, naked and cold  
A welcomed change from the abeyance of a ghost town catacomb  
No need for counsel I appreciate the time I'm not alone  
(Why don't you get my lawyer on the phone)  
There were days these child eyes  
Would overlook the ugliness and fantasize  
I found my heart for the first time and I awakened in me  
I left myself to navigate  
And oh I felt control  
(It appears these sheep have quite an appetite)[Chorus 1]  
Who is the crowd that peers through the cage  
As we perform here upon the stage

[Verse 2]

As the boy became a man  
In came a calm sophistication I can hardly understand  
So lost in ego  
Didn't notice when the time had a slipped away  
(yeah, everybody's got a sob story)  
Jesus Christ, was born to die  
Leave it to man to levitate his own to idolize  
We're simply sociopaths with no communication baby  
I see your angle but we differ from our points of view  
(So tell me, what's your cross to bear)[Chorus 2]  
Who is the crowd that peers through the cage  
As we perform here upon the stage  
Tell me a lie in a beautiful way  
I believe in answers just not today[Bridge]  
Hope my wheels don't abandon me now  
Seein' that I'm out here alone  
I'm runnin' out of fight  
And the wind speaks a comforting voice  
Guiding me to her arms  
Mother, I'm alright  
It took the birth of sin to snake-rattle the mind  
Before a blow to the head  
By the gavel of time to wake up  
Won't you wake up  
When did the walking apes decide that nuclear war

Was now the only solution for them keeping the score  
Just wake up  
Can't you wake up(You do know this is just a simulation, don't you)[Chorus 2]  
Who is the crowd that peers through the cage  
As we perform here upon the stage  
Tell me a lie in a beautiful way  
I believe in answers just not today
