I had no daddy around when I was growin' up
That's why I'm wild and I don't give a
Y'all think 'cuz these jeans fit I'd give it up
Don't let my cute face fool yaI had no daddy around when I was growin' up
That's why I'm wild and I don't give a
Y'all think 'cuz these jeans fit I'd give it up
Don't let my cute face fool yaBeen through so much in my life, saying things in my life
That I never thought I'd make it through
Had a few close calls in my life that could have end my life
But I'm here looking at youNever thought that I'd be here
I'm the type that don't give a damn about rules
I was supposed to survive on the streets
Make my own way to eat, gotta do what I gotta do, best believeI know plenty of girls like me
That done been through hell just like me
Keep what your mama teach ya
Don't let cheat or the street defeat ya, girlfriendAnd all my kick ass girls like me
That ain't ever afraid to speak
Next time that they try to treat ya
Like you a freak 'cuz you're street and look good, tell themI had no daddy around when I was growin' up
That's why I'm wild and I don't give a
Y'all think 'cuz these jeans fit I'd give it up

But I got friends that do
So my girls that's getting the dough
The best way they know, don't hate girl I got youEven though it ain't me, I understand
