

# Kick Your Game

Tlc

I've been watching  
Come on let me kick a little game to you  
Baby baby, let me kick a little game with you  
Come on let me kick a little game to you  
Baby baby, let me kick a little game with you  
I've been watching you watching me  
And I know you want it  
Come on let me kick a little game to you  
Laying against the wall checking out the scenery  
All I see is everybody trying to get with me  
So I continue to play it crazy sexy cool  
Lost all composure when I laid my eyes on you  
You just wanna know if you can kick some game  
Come with something more clever than just your name  
See it's like this I wanna take you home  
But you gotta show me that your game is on  
I've been watching you watching me  
And I know you want it  
But it depends on how you kick your game  
I've been watching you watching me  
And I know you want it  
But it depends on how you kick your game  
(Come on let me kick a little game to you)  
It's about to close but you've only said a few words to me  
I've been waiting for a dose of your personality  
See I'm in the mood and if all goes right  
Baby, you will be, you will be going home with me tonight  
Miss left eye  
All I wanna do is kiss your hand  
Let you know I'm not just another fan I am the man  
And I don't give a damn about who you know  
I got a 48-track studio back at the crib  
So drop by you know where I live  
I see you all the time but on another note  
Would you like to dance  
Naa, I'm about to go and uuh hang my coat  
I've been watching you watching me  
And I know you want it  
But it depends on how you kick your game

I've been watching you watching me  
And I know you want it  
But it depends on how you kick your game  
(Come on let me kick a little game to you)  
Lisa lopes  
It's been a month  
I called you twice, you called me once  
Baby come with me you'd be me  
So we can make love on the 50 yard line  
You for me, me for you  
There's nothing in this world you know we couldn't do  
Yeah, but who was that girl all on your back  
Nicole  
I'm just a nigga that followed you to the coat rack  
You just wanna know if you can kick some game  
Come with something more clever than just your name  
See it's like this I wanna take you home  
But you gotta show me that your game is on  
I've been watching you watching me  
And I know you want it  
But it depends on how you kick your game  
I've been watching you watching me  
And I know you want it  
But it depends on how you kick your game  
Come on let me kick a little game with you  
Baby baby, let me kick a little game to you  
Come on let me kick a little game with you  
Baby baby, let me kick a little game to you
