

# One More Crisis

## Burning Image

I applaud, your persistence  
You're my path of least resistance  
I'm your jury, I'm your judge  
    You can thank me  
    I'm your lord above  
    What I do is inexcusable  
    It's what I'm good at  
What I do is inexcusableOne More-Crisis  
Is what we have here, It's what it is  
    For my-Vices  
    It's what I live for  
You paid for thisYou keep living in your squalor  
    And I'll just sit here and take your last dollar  
    How do you do it? Why do you fight?  
You should know by now, you have no rights!  
    What I do is inexcusable  
    It's what I'm good at  
What I do is inexcusableRepeat Chorus
