All the Way

Thompson Square

I love you
You love me
Its cut and dry
The way its supposed to be
So dont
Shut me outside
We got one chance
And its tonight[CHORUS]
Id bare my soul
Get on my knees
So give me you
Ill give you me
Lets take it
Take it
All the wayWhat we feel
When we kiss
Some search a lifetime
And dont find a fire like this
So take my hair
Darling let it down
And let our hearts
Be the only sound[CHORUS]I want the sun
And Ill take the rain
Just to feel your hand upon my face
Youll never want
No youll never need
Cause in your eyes
My life I see[CHORUS]Lets take it all the wayI love you
You love me
Its cut and dry
The way its supposed to be
