

# Have It All

Jesse McCartney

You can have it all  
Grand patron on the rocks  
Or mix the lemonade with Ciroc  
Yeah, you can have it all  
Box coupe or the Panamara seat  
With the dealership tab on me  
Yeah, you can have it all  
Palm trees  
(Have it all)  
Private beach  
(Have it all)  
It don't matter, girl  
It's all on me  
(Have it all)  
Yeah, have it, have it all  
Yeah  
Just walked in and my pockets are swollen  
So many girls like a hot video now  
DJ got it rockin'  
808 is knocking like a door to door salesman  
(Hey, hey)  
Who's that girl over there I gotta know her  
She's so bad I would make us a home now  
Shorty is a pretty girl, gotta go and get it, girl  
Hope she's ready for what I got  
Hey baby, whatchu name is?  
Do you mind if I talk to you?  
And baby, if you're feelin' me  
We can do what grown folk do  
Hey, I see you with your girlfriends  
Maybe we can all be friends  
Let me know what your drinkin'  
(Hey, hey)  
Go on and put your money back  
Baby girl, I got that  
I'm gonna give you what you want  
You can have it all  
Grand Patron on the rocks  
Or mix the lemonade with ciroc

Yeah, you can have it all  
Box coupe or the Panamara seat  
With the dealership tab on me  
Yeah, you can have it all  
Palm trees  
(Have it all)  
Private beach  
(Have it all)  
It don't matter 'cause it's all on me  
(Have it all)  
Yeah, have it, have it all  
Yeah  
I'm going ham  
I think I better slow down  
On second thought  
On your mark ready go now  
Might as well say that girl I wanna  
Play with your body like a 360  
(Hey, hey)  
Nothing but the best 5 when we go out  
We go to the Ritz if The W is sold out  
Take trips all around the world with ya  
Girl you know I had to get ya  
Hey baby, whatchu name is?  
Do you mind if I talk to you?  
And maybe if you're feelin' me  
We can do what grown folk do  
Hey, I see you with your girlfriends  
Maybe we can all be friends  
Let me know what your drinkin'  
(Hey, hey)  
Go on and put your money back  
Baby girl, I got that  
I'm gonna give you what you want  
You can have it all  
Grand Patron on the rocks  
Or mix the lemonade with Ciroc  
Yeah, you can have it all  
Box coupe or the Panamara seat  
With the dealership tab on me  
Yeah, you can have it all  
Palm trees  
(Have it all)  
Private beach  
(have it all)

It don't matter 'cause it's all on me  
(Have it all)  
Yeah, have it, have it all  
Yeah  
Anything you wish, I can get it back  
Anything in the world, even if it don't exist  
I'll make it, baby, ooh, baby  
Sit in my lap, with ya heels on high  
Looking like a beauty queen  
Make a young prince cry  
Like baby, baby, baby  
Oh you can, you can have it all  
You can have it all  
Grand patrone on the rocks  
Or mix the lemonade with Ciroc  
Yeah, you can have it all  
Box coupe or the Panamara seat  
With the dealership tab on me  
Yeah, you can have it all  
Palm trees  
(Have it all)  
Private beach  
(Have it all)  
It don't matter 'cause it's all on me  
(Have it all)  
Yeah, have it, have it all  
Yeah
