

No Greater Love

[Sam Bailey](#)

Some see the lives half empty
Some see the lives half full
But I've just had half of everything
Till I fell in love with you My heart was going no way
And my soul was going blind
But that all changed and the time you took
To know that you were mine Take this promise, oh, forever
Seal it with my kiss
Feel the magic in our hearts
That we just can't resist
There's no greater love than this
I wouldn't see the stars without your eyes
I couldn't feel without your touch
I never knew what dream they came so true
But I wanted you so much Take this promise, oh, forever
Seal it with my kiss
Feel the magic in our hearts
That we just can't resist
There's no greater love than this
With every breath I take
You know I'll never your heart, your hopes, your dreams
Take this promise, oh, forever
Seal it with my kiss
Feel the magic in our hearts
That we just can't resist
There's no greater love than this
