## Why They Call It Falling

## Lee Ann Womack

It's like jumpin'

It's like leapin'

It's like walkin' on the ceilin'

It's like floatin'

It's like flyin' through the airIt's like soarin'

It's like glidin'

It's a rocket ship you're ridin'

It's a feelin' that can take you anywhereSo why they call it fallin'?

Why they call it fallin'?

Why they call it fallin'?

I don't knowThere was passion

There was laughter

The first mornin' after

I just couldn't get my feet to touch the groundEvery time we were together

We talked about forever

I was certain it was Heaven

We had foundSo why they call it fallin'?

Why they call it fallin'?

Why they call it fallin'?

I don't knowBut you can't live your life

Walkin' in the clouds

Sooner or later

You have to come downIt's like a knife

Through the heart

And it all comes apart

It's like someone takes a pin to your balloonIt's a hole

It's a cave

It's kinda like a grave

When he tells you that he's found somebody newAnd why they call it fallin'?

Why they call it fallin'?

Why they call it fallin'?

Now I knowWhy they call it fallin'?

Why they call it fallin'?

Now I know
