Unbelievable

Drake Bell

Wo-oh, wo-oh, wo-oh
I never thought you'd leave
And take your broken heart from me
I really didn't think so
You said you'd be moving on
To find a house with a greener lawn
And you know, I really didn't think so
Now I'm back in L.A. - did I mistake?
Is it all how you planned? Do you have a new man?
In the palm of your hand? - did I give you away?
And it's so unbelievable, so unbelievable
I won't believe it, until you tell me
It's so unbelievable, so unbelievable
I won't believe it, until you tell me it's so
Wo-oh, wo-oh, wo-oh
I wasted every day
You thought that I could change
It's strange, I really didn't think so
They said you'd be coming back
I smiled when you told me that
But you know, I really didn't think so

Wo-oh
Now I'm back in L.A. - am I over my head?
Face-down in my bed, this is not what I planned
And I don't understand why I gave you away?
And it's so unbelievable, so unbelievable
I won't believe it, until you tell me
It's so unbelievable, so unbelievable
I won't believe it, until you tell me it's so
So tell me that you let me know
That if I loved you, I would let you go
'Cause I could never believe you could leave
I'd be telling yourself, I don't think so
'Cause it's so unbelievable, so unbelievable
I won't believe it - until you tell me
It's so unbelievable, so unbelievable
I won't believe it, until you tell me
It's so unbelievable, so unbelievable

I won't believe it, until you tell me
It's so unbelievable, so unbelievable
I won't believe it, until you tell me it's so
Wo-oh, wo-oh, wo-ohh
Wo-oh, wo-ohh
