

Horse to Water (Live At the Olympia)

R.E.M.

I could have kept my head down
I might have kept my mouth shut
I should have held my own
You lead a horse to water and watch him drown
You're only as big as your battles
Rattle my cage with your shadow
I'm a bantam weight with a mouthful of feathers
Don't you know that what comes around goes around
I'm not that easy, I am not your horse to water
I hold my breath I come around, round, round
Don't darken my doorstep again
You're mixing up living in chin, chin
You're mixing up lose with win, win
You lead a horse to water and you watch him drown
You stumble on glass top table
TVs chewing shock gone cable
Pump me up a beanstalk fable
And I'll call this entertainment
Cause Humpty's falling down
I'm not that easy, I am not your horse to water
I hold my breath I come around, round, round
Pick a fight an ultra buzzy bubble
Friday night fucking fried up pub crawl
Bantam-weight with a mouthful of feathers
Don't you know that what comes around goes around
I'm not that easy, I am not your horse to water
I hold my breath I come around, round, round
It's not that easy, I am not your horse to water
I hold my breath, I come around, round, round
It's going down, down, down this run around, round, round
Is bound to pound the daylights out of you
