Sleeping In

Dinosaur Feathers

Rise with the sun
Wake up on your ownI'm sorry for the time I took from youTell your story straight
Wait until the facts changeHow terrible the things that I ask of youCome in pieces
Common pieces
Come in pieces
Common piecesBend until you break
Terrible mistake
I will race you back where we beganYou never wanted to sleep in
You never wanted to let the morning winFighting off our sleep at night
Always doing something wrong
Until I get to hold you tight
In the morning you'll be gone
