

# Sleeping In

## Dinosaur Feathers

Rise with the sun  
Wake up on your own I'm sorry for the time I took from you  
Tell your story straight  
Wait until the facts change  
How terrible the things that I ask of you  
Come in pieces  
Common pieces  
Come in pieces  
Common pieces  
Bend until you break  
Terrible mistake  
I will race you back where we began  
You never wanted to sleep in  
You never wanted to let the morning win  
Fighting off our sleep at night  
Always doing something wrong  
Until I get to hold you tight  
In the morning you'll be gone
