There Was Jesus

The Manaraze Family

It had been three days, His parents couldnâ€™t find Him
The scribes and the pharisees, were all gathered round Him
As a boy in the temple, speaking with such wisdom
They were all amazed at what He said
And in the middle of it all, there was Jesus

The one crying in the wilderness
John the baptizer, spoke of one who was to come
Baptizing with fire, when John baptized Him
The Heavens were opened, and God descended like a dove
And in the middle of it all, there was Jesus

The wedding in Cana, the wine made from water
Going to the rulerâ€™s house, to bring life to his daughter
He spoke with authority, straight from the Father
No one could explain away His power
And in the middle of it all, there was Jesus

On a hill just outside of town, a man hung there bleeding
Dying for the souls of men, to captives bring freedom
Three days later, His tomb was found empty
He concurred death and the grave
Yes in the middle of it all, there was Jesus

So no matter what your facing
No matter what you did
In hard times or in good times
Keep your eyes on Him
Even in the heat of battle
Or by pleasant mountain springs
Heâ€™ll be right there in the middle
Thatâ€™s where Heâ€™s always been
So be strong and take courage
When you think your gonna fall
Cause right in the middle of it all, there is Jesus
So be strong and take courage
When you think your gonna fall
Cause right in the middle of it all,
Yes right in the middle of it all, (middle of it all)
There is Jesus

There is Jesus
There is Jesus
