## Nastyona

Comes and goes  
And goes, she comes  
    No man will ever  
    Make her moan  
    Break her bones  
    Hey Judith  
        Judith  
        Hey, hey  
    On the weight of a storm  
    She comes and goes  
        Oh Judith  
        Yeah, Judith  
        Oh Judith  
        Judith  
        Judith  
        Oh Judith  
        Oh Judith  
    No man will ever  
  
    Break her bones  
    Break her bones  
    With fire in her halo  
    She comes and goes, yeah  
        Judith  
        Judith  
        Judith  
        Judith  
        Judith  
        Judith  
        Judith  
    There she goes  
        Judith  
        Hey, yeah...  
        Judith...
