

Bleed

Redlight King

I search the open highway.
Looking for what's right.
I fight with all my instincts.
Life become a fight.
All i have is way i bleed for you.
I can see the storm that coming.
And it drags your dreams away.
Hold you down and hurts you.
Soon you feel the waight.
All i have is whay i bleed for you.
What are you waiting for?
Give me some place to live by.
Give me a life to chose.
I am ready and i pay my bill.
Admid it for the coops.
Admid it for the druuuugs.
Thats why i bleed for you.
I can live whithout forgiveness now i cover all my tracks you can call my heart spayed
couse i might not make it back.
All i have is why i bleed for you.
So what are you waiting for.
Give me some place to live by.
Give me a life to choose.
I am ready and i payed my bill.
Admid it for the cops admid it for the druuuugs.
That whay i bleed for you.
I bleed for youuuuu.
Give me some place to live by.
Give me a live to choose.
I am ready and i payed my Druugs.
Adimid it for the cops admid it for the drugs .
That's why i bleed for you.
