

See a Little Light

[Belinda](#)

Stay alone in my room
Every moment passing too soon
Watch the candles burn into the night
Fall into a dream
Wake up and every things the same
A second older but alone just like a child
If you just give me a sign
To live and not to die
Then I could see a little light
I could find some piece of mind
I dont know where you are
Maybe near or maybe far
I just need a little light
Hear a clock ticking
On a life that could have meaning
If I could find the love light in your eyes
See a million people
Everyones so lonely
But we dont have to be alone tonight
Then I could see a little light
I could find some piece of mind
I dont know where you are
Maybe near or maybe far
I just need a little light
If I could see a little light
If I could find some piece of mind
If you just give me a sign
I could see a little light
I don't know where you are
Maybe near or maybe far
I could see a little light
If I could see a little light
I could see a little
Stay alone in my room
Every moment passing too soon
Watch the candles burn into the night
