

# Goat - Creative Alienation

## Clandestine Blaze

Black shadow of Goat  
Follows behind  
When walking far away  
from herd of human" As he shall separate them one from another,  
as a shephard divideth his sheep from the goats.  
And he shall set the sheep on his right,  
but the goats on his left"  
(matthew 25: 32-33)Refusal to run  
with the flock  
Not to be herded  
separation, act of own willdoctrine of misanthropy  
creative hatred for the herd  
goat behavior  
not living with the sheep
