Digital

Elliott Sharp

i'm fresh forever
can i get a witness
drop a can of paint
grind more business
i'm the type to rock yellow diamonds that match my car
you the type to live under a rock, patrick star
and i might win some people over with that flo rida
***
i'm ahead of this music game by light years
im the definition of swag bitch it's rite here
i'm gutta gutta just like YMsign?
i'm the sun in the summer, you can't outshine me
they not in my task records so i cannot mention it
bitch look at my dashboard, i bet that bitch digital
they saying damn
so stuff get in they head
pu-sy nigga i got the game locked just like a dread
he say he was harder?
i say he was flexin
i pull a VIP with 30 freaks and drop top lessons
aint a rapper and i will kill em
i'm 19 now
with 19 million
back then it was all a dream
these days i'm feeling like martin luther king[Chorus]
Digital digital everything digital
Shorty check the dashboard in my lambo and it's digital
Digital digital everything digital
Shorty look at my watch and I bet that thing digitalDigital digital everything digital
Digital digital everything digital
Shorty look at my dash and I bet that thing digital
Shorty look at my watch and I bet that thing digitalsh-t done need a rapper
i can bet a million
my chain change colors
i call it chameleon
hurtin niggas feelings
i'm in they mouth like fillings
i'm in the air chillin
right about a ceiling

i keep making hits
while you rappers stealing
i hustle 20 million
and im still dealing
leather wood grippin
on a money mission
got my paper flipping
shoutout to my coalition
niggas hatin on me
but i gives a f-ck
snakes in the grass
so i keep it cut
20 ace on the vehicle is grown up
engine in my trunk
when i showed up
***
cuz i know they creepin
money is my language
now speak it or seek it
you f-cking a white girl
***
call her girlfriends over
we watching them eat it
at the top of my game
til they come defeat me
im on my may-weather sh-t cuz im undefeated
it's me or my money
there's nothing in between it
and nigga im the best bitch and i f-cking mean it[Chorus]
Digital digital everything digital
Shorty check the dashboard in my lambo and it's digital
Digital digital everything digital
Shorty look at my watch and I bet that thing digitalDigital digital everything digital
Digital digital everything digital
Shorty look at my dash and I bet that thing digital
Shorty look at my watch and I bet that thing digital
on a money mission
