

Nasty Nigga

Kirko Bangz

I met this girl on the south side,
And she was bad and she always keep her mouth wide,
She got me thinkin' bout some things that im 'sposed to do,
Girl I been callin cuz I been tryna get close to you,
And dont be lyin with that man I been at work shit,
Or about how you and yo husband tryna work shit,
I'll keep it simle wont drop yo name in my verses,
But how them tights be on yo ass got me nervous,

Im sipin alcohol and hopin that I dont burst quick,
And this dick hard enough to make the earth split,
I put it in and she tell me that It hurt a bit,
I know the whole hotel prolly heard the bitch,
She scream my name out, and tell me write me name out,
On her ass, I tried but nuthin came out,
She laid me down and rode me like a maybach,
I grab that ass, suck them titties for that similack,
