Get Enough

Ivy

He calms me down when I'd rather be out of my mind
He calms me down when I'm not ready to unwind
He'll be my clown when I'd rather be black inside
He'll be my clown with that evil look in his eyesOh, I know, he can be a thorn in my side
But even so, I just can't get enough
Just can't get enoughHe slows me down when I'm happy running out of time
He slows me down, he's an enemy of mine
He runs me down, and as far as I can see
He'll run me down 'til there's nothing left in meOh, I know, he can be a thorn in my side
But even so, I just can't get enough
Just can't get enoughI can be a monster if I want to be
But he's got me beaten by a landslide
He's just crazy, so crazyHe calms me down like a tumor inside my heart
But he knows me well, I just can't get enough
I just can't get enough, just can't get enough
Just can't get enough, I just can't get enough
Just can't get enough, I just can't get enough
Just can't get enough
