

# Only a Dream

[Danny Elfman](#)

Only a dream that I had in the night  
Only a dream but It felt so right  
We were standing in the moonlight  
I was holding you tight but it was only a dream  
Only a dream and that knocked me off of my feet  
Only a dream, it was dancing in the street  
And the big band kept on playing of Bonaparte's retreat  
But it was only a dream  
Only a dream but somebody tried to knock it down  
Only a dream but that dream keeps hanging around  
Only a dream, we were roiling in the snow  
Only a dream and we just couldn't let go  
I sat outside the window, it was just like Romeo  
But it was only a dream  
Only a dream but somebody tried to knock it down  
Only a dream but that dream is still around  
Up on Mockingbird hill and I'm feeling no pain  
All the birds are singing, their all so sweet refrain  
If I had to do it all over, I'd do the same thing again  
'Cos it was only a dream  
Oh 'cos it's only a dream that knocked me off of my feet  
Only a dream, we were dancing out in the street  
And the big band kept on playing of Bonaparte's retreat  
But it was only a dream  
Oh but it was only just a dream, din but it was only a dream  
Oh but it was only a dream, oh what a dream
