Everything To Gain

Fischerspooner

If youre like me youve tried everything
Youre probably thinking to yourselfAnd like you, Im skeptical
Gave it a shot and so let me tell youYoure probably asking me
Is there nothing to lose and everything to gain?
Everything to gain, everything to gainI guarantee my pledge to you
It was the best choice Ive ever madeYoure probably asking me
Is there nothing to lose and everything to gain?
Everything to gain, everything to gainI know, I know
I know how you feel, I know
I know, I know everything to gain
Everything to gain, everything to gain
