Firefly

Jimmy Needham

Its tulips and its daisies, your favorite flowers lately
You think that I aint listening but you know I do
With your two lips on me baby, my head starts getting dizzy
Dont give me a flower, what I want is youIt happened on the day you put your hand in mine
You went up to my head just like a glass of wine
Girl you spark my attention like a firefly
Make me happy to be aliveYou move into a room like summer breeze at noon time
Baby out of nine Id give you ten
Your love is like an ocean, surf and spray in motion
Baby Im a diver and I love to swimIt happened on the day you put your hand in mine
You went up to my head just like a glass of wine
Girl you spark my attention like a firefly
And make me happy to be aliveThese are just simple words of mine
And though most of what I feel is hard to rhyme
Aint it good to know your boy gave it a try?
Oh a try, yeah, yeahItd take a thousand colors just to paint your eyes
Like saving grace, they raise me up to paradise
This aint opinion its consensus from my heart and mind
You make me happy to be alive, oh, oh, yeah, yeah, yeah
