Earthquake

Passafire

I feel like something is wrong, I haven't been myself.
I stare into outer space, I talk to no one else.
I don't like when I am alone with all this loneliness.
I really need you right now, I really need you in my life right now.
If only you could be right here.
Passing all this time without someone that I love so dear.Reach across and take my hand and make me understand why
all this land between us could not withstand the
earthquake that's inside me, earthquake that's inside you.
Some day we'll be closer.I feel like something is wrong, gotta get a hold of it.
Are we just moving along the older that we get?
I feel I'm staring to the distance, it's a black abyss.I really need you right now, I really need you in my life right now.
If only you could be right here.
Passing all this time without someone that I love so dear.
Just reach across and touch my face, tell me am I really real?
Am I opaque? How transparent do you feel that
the earthquake that's inside me, earthquake that's inside you.
Some day we'll be closer.Earthquake that's inside me, earthquake that's inside you.
Some day we'll be closer.
Earthquake that's inside me, earthquake that's inside you.
Some day we'll be closerSome day we'll be closer.
Some day we'll be closer.
Some day we'll be closer.
Some day we'll be closer.Earthquake that's inside me, earthquake that's inside you.
Some day we'll be closer.
Earthquake that's inside me, earthquake that's inside you.
Some day we'll be closer.
Some day we'll be closer.
Some day we'll be closer.
Some day we'll be closer.
Some day we'll be closer.
