

Pins and Needles

Deadguy

This job runs you
This day kills you
This suit owns you
This man tells you What to do
You like being bought?
You like being sold?
You like being owned?
You like being told? This man
This job
This day
It kills
You can't kill yourself You're already dead
And you'd do it again
And you'd do it again
And you'd tell me you like it
And you'd tell me to take it home From 9 to 5
You're not, you're not alive
Pins and needles
All the time
Pins and needles Toe the line
Pins and needles
You're not alive
Get in line to die
