

What U Doin (Feat. Big Sean)

Chris Brown

I got some questions, questions for you
I need some answers, answers from you, oh
What do you do fighting for your life
And no one's on your side, yeah baby
I can't stand to lose you, see you're in too deep
And know nowhere to hide What do you do?
Take a chance, chance, chance on your own
Na-na-na-na-na
What do you do?
Take a chance, chance, chance on your own
But what do you do? Do, oh yeah
What do you do?
I can see you, no disguise
You got that look up in your eye
You got that look up in your eye
It's a lining of disguise
You got that look up in your eye
You got that look up in your eye So tell me baby
What do you do fighting for your life
And no one's on your side, oh
I can't stand to lose you, see you're in too deep
And know nowhere to hide
I got a question What do you do?
Take a chance, chance, chance on your own
Na-na-na-na-na
What do you do?
Take a chance, chance, chance on your own
Yeah-yeah
But what do you do? Do, oh yeah
What do you do?
It's a lining of disguise
You got that look up in your eye
You got that look up in your eye
It's a lining of disguise
You got that look up in your eye
You got that look up in your eye What do you do fighting for your life
And no one's on your side
I can't stand to lose you, see you're in too deep
And know nowhere to hide What do you do?

Take a chance, chance, chance on your own
Na-na-na-na-na
What do you do?
Take a chance, chance, chance on your own
Yeah-yeah
But what do you do? Do, oh yeah
What do you do?
