# Back to California

## Steve Grand

How long I'll wait
Just to say goodbye
Ten different ways to enjoy this night
Can't do this anymore
Won't feel you anymore
How long I'll wait
Just to say goodbye
You could never let me in
Holding on until the end
The time I waste just to say goodbye
Out of your way
I could do this right
Can't see you anymore
Won't feel you anymore
How long I'll stay
Just to say goodbye, say goodbye
Leaving all the fights and all
Summer's getting colder
Drive all night to hold you tight
Back to California

Days went by
We waited and I guess we're getting older
We couldn't win in the end
You're gone
I'm miles away
Turning out your lights
Ten different ways I couldn't miss light
Can't do this anymore
Won't feel you anymore
How long I'll wait
Just to say goodbye, say goodbye
Leaving all the fights and all
Summer's getting colder
Drive all night to hold you tight
Back to California
Days went by
We waited and I guess we're getting older
We couldn't win in the end

You're gone
