# Blue Holiday

## Charles Brown

it's been a blue holiday since you've been gone
oh my darling, won't you hurry, hurry home
it's been a blue holiday i'm all alone
you know i, i need your love to keep me warm
i cry when i hear the chapel bells ring
and sometimes i cry all through the night
please oh please come, come back to me
and make my holiday bright
it's been a blue holiday my heart's in pain
my dear, i pray to have your love again
(instrumental)
blue blue blue blue blue holiday my heart's in pain
my dear, i pray to have your love again
i pray to have your love again
it's been a blue blue holiday
