# Bumble Bee

## The Features

Bumblebee
You're my little bumblebee
Always there to rescue me
When trouble comes awry
Can't you see
What it is you mean to me
Everything is peachy keen
When you're by my sideWalking home from her house
Couldn't think of things to say
Walking home from your house
Mercury's in retrogradeEven though I couldn't find the words to say
It's understandable hey heyBumblebee
You're my little bumblebee
Always there to rescue me
When trouble comes awry
Can't you see
What it is you mean to me
Everything is peachy keen
When you're by my sideStuck inside a dream
Hope it lasts forever
As long as we're together
Gonna dream my life away
Vividly I see
That stark white stork approaching
Lately he's been coaching
Our little family
