## Pet Shop Boys

Now is the time of our lives  
though it won't last long  
We're strong and in spite of the fight  
you sing this song  
It's always a new day  
in Heaven  
There's always a new way  
to Heaven You are my brother  
I'm really gonna miss you  
You are my brother  
You gonna take me with you?  
You are my brother  
forever  
Where do we stand  
in this land?  
We're invisible now  
Clean and prepared  
to be led  
Indivisible  
It's always forever  
in Heaven  
We'll all be together  
in Heaven You are my brother  
I'm really gonna miss you  
You are my brother  
You gonna take me with you? We'll be together  
Now and forever  
I know that it won't be that long  
until the hour  
Free and released from the world  
It feels like power You are my brother  
I'm really gonna miss you  
You are my brother  
You gonna take me with you?  
You are my brother  
I'm really gonna miss you  
You are my brother  
You gonna take me with you?
