

Two Ways To Play

ZZ Top

Something crossed my mind again and you were in my eyes
It was somewhere I've already been
Tellin' all those lies
But I've been there and you've been there and there ain't no mistake
We could take it anyway
But there one thing you can say
There's just two ways to play
Just two ways to play
I don't want to stay
There's just two ways to play and I want to play it right this time
There's always the easy numbers there's those
hard ways too
there's those cheaters numbers
Its either one of two
But fortune tellin's mesmerizin' and the game of chance
Rollin' dice ain't sympathizin' when you play romance
There's just two ways to play
Just two ways to play
I don't want to stay
There's just two ways to play
I can't control the numbers can't control your sexy ways
I can't control my inner thunder it makes me wander round for days
Two ways to play
There's just two ways to play
There's just two ways to play
There's just two ways to play, I'm gonna play it right this time
There's two ways to play
There's just two ways to play
Two ways to play
There's just two ways to play
