## Yellowcard

Wake up  
Come live a brand new day  
Don't concentrate on this  
Just try to be happy  
In this world we're living Lay your weary head to rest  
Don't worry  
Cuz everything will be okay in the end Now you've really pissed me off  
You're f\*cking with my mind  
I'm wondering what it's like  
If it's worth my time  
Wondering what i've done  
to deserve to what you've done  
tell me this time Hello  
Tell me how have you been  
All this time away  
Wow  
We've been sitting here  
On our stage with nothing left to do  
Except to play  
Except to play Lay your weary head to rest  
Don't worry  
Cuz everything will be okay in the end wondering why  
(wondering why)  
wondering why  
(wondering why)  
Wondering why  
(wondering why)  
wondering
