Forever

[Kenny Lattimore](#)

Oh, ooh, ooh, yeah, yeah, hey
I would never let you go, ooh
This time it's foreverGirl, I wanna know, what's on your mind
'Cause when I look into your eyes
They're saying words you don't expressI don't want you feeling you're wasting your time
While everyday I live just to please you
That's my only desireIf you think that this love won't last
'Cause of what you been through in the past
I'm loving you only, you don't have to worry, no, no, noIf you're afraid to let your feeling show
'Cause inside you're just not sure
I'm gonna show you that nothing's changed, oh, noI would never let you go
No one's gonna love you more
This time it's foreverOoh, I would never let you go
No one's gonna love you more
This time it's foreverGirl, I wanna be right where you are
Sharing every moment together
Everyday, everynightAnd girl, I promise you that I'll be faithful, yeah
Because your happiness is all
I'm living for, oh, yeah, yeah, yeahI would never let you go
No one's gonna love you more
This time it's foreverOoh, I would never let you go
No one's gonna love you more
This time it's foreverI would never let you go
This time, it's forever
Ooh, I would never let you go
No one's gonna love you more
This time it's foreverIf you think that this love won't last won't last
'Cause of what you been through in the past
I'm loving you only, you don't have to worry no oh, no, noIf you're afraid to let your feeling show
'Cause inside you're just not sure
I'm gonna show you that nothing's changed, heyI would never let you go
No one's gonna love you more
This time it's foreverOoh, I would never let you go
No one's gonna love you more
This time it's foreverI would never let you go
This time it's forever
Ooh, I would never let you go
No one's gonna love you more
