

# We Are the Fabrication

## My American Heart

We waited seven hours by the sea  
For the taste of ecstasy  
In a life we live with shreds and trees  
We swallow them whole right down our bellies  
Soon enough our eyes grew wide  
Soon enough we had the time to feel alive to feel alive it felt so  
Right now we'll start you're brand new life  
They started screaming don't go  
Right now we'll start you're brand new life  
The pills, the pills that we don't like  
We are the fabrication, we are, we are  
We are the fabrication, we are, we are  
We are, we are, we are, we are
