Couldn't Stand the Rain

Mindy Smith

Couldnâ€™t Stand The Rain
(Ian Fitchuck/Justin Loucks)

The storms passed over
And I missed the thunder
That bridge I hide under
Canâ€™t save anyone anyhow

(CHORUS)
I couldnâ€™t stand the rain
I couldnâ€™t take the pain
No Iâ€™ll never be the same
Thereâ€™s no one here to blame

The sky is turning brighter
So Iâ€™ll stand out of my shelter
My heartâ€™s getting lighter
And I live in the here and the now

(CHORUS)
I couldnâ€™t stand the rain
I couldnâ€™t take the pain
No I will never be the same
Thereâ€™s no one here to blame

BRIDGE
Thereâ€™s always the silver lining
The sunny is always shining
So chin up now
Stop your whining
Keep on fighting

CHORUS 1x/Music Fade
